**REQUEST FOR RECONSIDERATION OF DENIAL OF
REQUEST FOR CERTIFICATE OF CORRECTION**

Sir:

Applicants received a decision mailed May 25, 2010, a copy of which is attached, denying the Request for Certificate of Correction filed May 18, 2010. A copy of the Request for Certificate of Correction is also attached.

The decision stated that the request was denied under the provision of CFR 1.322 and stated that the Patent and Trademark Office has no authority to issue a Certificate of Correction under this provision.

Applicants' request for a Certificate of Correction, however, is based upon a request by the Applicants under 37 CFR 1.323 which relates to a Certificate of Correction of Applicants' mistake. Along with the request, Applicants submitted a fee for \$100.

Accordingly, Applicants respectfully request reconsideration of the denial of the Request for Certificate of Correction and that the request be reconsidered under the provisions of 37 CFR 1.323 and granted.

Applicants' undersigned attorney called Mr. Randall on June 1, 2010 and was advised to submit this request for reconsideration.

As Applicants have already submitted a fee for \$100, it is not believed that any further fee is necessary. If any additional fees, however, are necessary, the Commissioner is hereby authorized to charge any additional fees which may be required, or refund any excess fees, to Deposit Account No. 50-1417.

Respectfully submitted,

MATTINGLY & MALUR, P.C.
